

OFFICE OF THE CEO

ANNOUNCEMENT

OPPORTUNITIES REGARDING THE NORTH WEST HOUSING CORPORATION MIXED DEVELOPMENT PROJECTS WILL BE PLACED ON E-TENDER FROM 25 NOVEMBER 2020

The province of the North West has over long period of time been caught in a lack of mixed development projects that could drive the economy of the province to greater heights. This initiative is in line with creating an environment for massive investment in local economies and creating jobs as pronounced by both the President of the country during the State of the Nation Address (SONA) and Premier of the Province during the State of the Province Address (SOPA).

To this end, the NWHC is introducing a programme of mixed development human settlements that will lay a solid foundation for us to contribute towards the realisation of this vision.

As the entity we have felt the pulse of the organisation and are charting a new course that will ensure that the NWHC reclaims its mandate. We are planning to build 75 000 houses through the following initiatives:

1. Mining Township Programme
 - i) Mogwase Mix Housing.
 - ii) Rustenburg Smart City Project.
 - iii) Marikana Mining Mega City Project
2. Smart City Programme
 - i) Madibeng - Lanseria Smart City
 - ii) Potchefstroom Smart City Mixed Housing Development,
 - iii) Mafikeng Smart City mixed Development

We are repositioning this historic institution to be a major player in contributing towards transformation of our province and rebuilding its economy through provision of housing for gap market.
